June-July, 2024

# DECLARATION

**"Title"**

We declare that the art on display is mostly comprised of our own ideas and work, expressed in our own words. Where other people's thoughts or words were used, we properly cited and noted them in the reference materials. We have followed all academic honesty and integrity principles.

Name

Department of Computer Science and Engineering
**National Institute of Technology Silchar, Assam**

# ACKNOWLEDGEMENT

We would like to thank our supervisor, Dr. Partha Pakray, CSE, NIT Silchar, for his invaluable direction, encouragement, and assistance during this project. His helpful suggestions for this entire effort and cooperation are gratefully thanked, as they enabled us to conduct extensive investigation and learn about many new subjects.

Our sincere gratitude to (Write Mentor Name) for his unwavering support and patience, without which this project would not have been completed properly and on schedule. This project would not have been feasible without him, from providing the data sets to answering any doubts we had to helping us with ideas whenever we were stuck.

# ABSTRACT

hhhh

# List of Tables

# Contents

# Chapter 1

# Name

Test cite [1]

- Need to analyse Indian
- Need to investigate MT

# Chapter 2

# Name

Machine Translation(MT) is the automatic translation of a source text from one language to another language. There are different approaches in machine translation which includes Statistical Machine Translation(SMT), Rule based Machine translation and Neural Machine translation(NMT) [2].

# Chapter 3

# Methodology

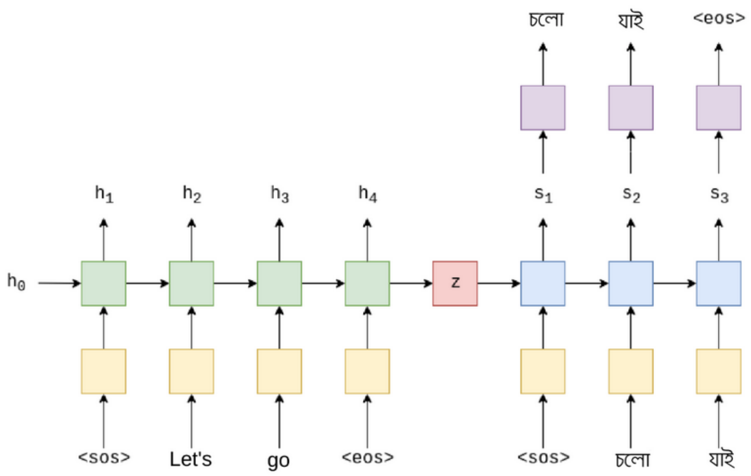

Figure 3.1: Neural Machine Translation Architecture

Table 3.1: Dataset Statistics

| Dataset | Type | Number of sentences |
|---|---|---|
| Indic-NLP | Training | 1,38,353 |
| | Validation | 1000 |
| CNLP -NITS | Training | 2,03,315 |
| | Validation | 4,500 |
| Our Data | Testing | Negation: 1000 |
| | | Pronoun: 1000 |

# Chapter 4

# Results

## 4.1 English

# Chapter 5

# Future Work

In this work,

# Chapter 6

# Conclusion

On our Internship period,
